

## ABOUT THE BOOK

The animals of the South Sea are hungry. But who is hungrier than all of the rest? The kicking krill may swarm and the blue cod are out hunting for dinner, but neither is fierce enough to be tops in this habitat. Could it be the lurking sharks, pointy-tailed rays or the toothy barracuda? Dive into this rhythmic text to discover who is at the top of this food chain.

# ABOUT THE AUTHOR

After studying art in England and volunteering at a Montessori school, author Peter Walters traveled the world working in childcare and education. While he worked in Ghana, he helped children create their own books; but it was time spent in New Zealand that inspired Peter to write and illustrate his first picture book: *The Hungriest Mouth in the Sea*. Today, Peter draws inspiration from the rugged coast of Cornwall, England where he explores the green hills and barren moors with his family and labrador, Tui.
